## GETTING TO KNOW YOUR WORKMATES

### JACK ROEBUCK

Away from Bell's Jack is very busy with the Belles of the Roskill-Kings Marching Teams. He has two teams affiliated to the Auckland Marching and Recreation Association.

The ages range from 7 to 15 years making one midget and one junior team. A senior team will be formed shortly girls then going from midget to junior to senior. The senior team will be comparatively young with ages ranging from 14 to 16 years.

Roskill-Kings came into being during the Queen's last visit and for that 1962-63 Marching season the team did very well. In the 1963-64 season Roskill Kings junior team was formed and won six cups and a shield and finished up as Auckland's Junior Display Marching Champions.

To date and with only five marching competitions gone, the junior team has already won three cups - The Sunde Cup, the W. Atkinson Memorial Cup both for competitive display marching and the Western Marching Association Cup for uniform and dress over all grades.

The midget team is holding a good average at competition and have high hopes for this season.

Last season they finished up with two cups and six medals. Mr. Roebuck supplies all the girls with taylor made uniforms, while Mrs. Roebuck does all the behind the scene work of cleaning and pressing and maintaining the uniforms.

The best of luck to you and your teams, Jack.

\* STAFF NEWS FROM WELLINGTON

Congratulations on your News Letter, 'Ding Dong', we look forward to the little snips from you all in Auckland, and appreciate your request for some news from Wellington, New Zealand's leading, most go-ahead, progressive and successful Branch.

We had a very successful staff Christmas party last night and our appreciation goes to the Directors and General Manager for their kind gesture in 'turning it on' for us all here.

This was also a farewell to Les Bailey and his wife, Joan, when we presented Les with a Parker pen and a pewter mug from the staff, wishing him every success in Christchurch.

It is raining today, which is quite a change in Wellington, of late anyway.

On a recent trip to Taranaki one of our dealers mentioned that on a farm way out in a remote valley, whilst repairing a water-pump, he noticed that there was no aerial on the farmer's house and on completion of the job and looking for more business, he said to the farmer, whom he knew pretty well:

"Well Joe, how do you find T. V. ?"

To which Joe retorted, "Well Heck, I have had no trouble at all but poor old Jim up the valley, his herd is riddled with it."

Here briefly is an introduction to the Wellington staff for "Ding Dong".

To start with, Sales will report and spy on the Service Department and no doubt the Service Department will retaliate.

GRANT LECKIE Service Manager. 6'4", age 24 years, and look girls - single, why I will never know. He doesn't smoke or drink and would prefer a bride with a large dowry (Whatever that is). Seriously though, Grant manages to keep things moving along pretty well and with his staff of;

Picture of Windy Wellington

Well now, we appreciate your letter Wellington, and we eagerly await your female version. Wellington has led the way, so come on you branches let us have your news.

Wally Goerner: Age 32 years. (Rich) and look Auckland girls - single again. Wally plays a pretty mean piano accordion.

Fred Mulford: (The Beard) He swears his beard comes in useful for checking valves.

Frank Charles: Who heads our Social Club committee

Trevor Foote: A recent acquisition to our Service Department and he is progressing very nicely, thank you.

I gather this will make the January issue so will continue with Tele-Hire, followed by the female staff for the February issue, and if described aptly enough will result in a large number of applications for transfers to Wellington from Auckland Branch batchelors.

Meanwhile our Christmal party went very well, practically without incident (one of our junior males had to be restrained a little in the first burst of a bawdy song - 'to the chagrin of all the males anyway, I am sure')

Comment from General Manager: "The above last remarks are not necessarily supported by General Manager."

### ODD ADDS

#### FOR SALE

Banjo by lady with no strings attached.

MR AL BELL had a pleasant Christmas cruising around the eslands of the Hauraki gulf. On one occasion he hoisted sail and caught a bit too much wind which broke the mas t. This duly found it's way to the propeller and became very wrapped up in its revolutions. It was well past bed time when the boat arrived back at Auckland that evening.

## SOME HAVE ALL THE LUCK

Michael Mercer completely lost interest in Boxing Day when he had the back of his car pushed in. While returning home from 30 mile beach on the 11th Jan Mike heard a mighty crack! bang! hiss - guess what - one big end plus crank shaft. Hence one forelorne hitch-hiker; the car is still at Okaihou.

Hope you have some £ . s . d . left in your thrift book Mike.

## DIGS

We have some nice boys coming to work with us and would like to be able to place them in digs with homely families.

Anyone willing to take one of these boys please contact
